PROFILE

Motivated B.Tech IT student at MIT ADT University with hands-on experience in Python Django and Android development using Java. Completed an internship at Elite Software focusing on full stack development and deployment. Built Android apps like a Menstrual Cycle Tracker and Caesar Cipher tool. Certified in Java by IIT Bombay. Strong in OOP, database handling, and eager to grow as a full stack web developer.

WORK EXPERIENCE

Web Development Intern – Python Django

2023 – 2023

Elite Software, Pune

- Completed an industrial internship focused on Full Stack Web Development using Python and Django framework. Learned and applied concepts of frontend development, backend integration, and server-side deployment. Gained hands-on experience in web frameworks, database management, and online project hosting.

Menstrual Cycle Tracker – Android Application

2023 – 2023

Academic Project

- Developed an Android application that tracks users' menstrual cycles and provides helpful health-related data and reminders. Implemented user input features, date tracking algorithms, and notification alerts to enhance usability. Demonstrated understanding of mobile app lifecycle, UI/UX design, and practical Java programming

Spoken Tutorial Certificate – Java Issued by IIT Bombay

Completed the Java programming course through the IIT Bombay Spoken Tutorial platform, covering object-oriented programming concepts, control structures, classes, and exception handling
